

Hello and welcome everyone to Alloya's third newsletter. This year seems to be speeding up for me, last year, felt like I was only just keeping my head above water, this year I am learning to surf the wave. For those of you that do not already know, I have moved my website address to [www.alloya.com](http://www.alloya.com). This also means that I have changed my email address to [alloya@alloya.com](mailto:alloya@alloya.com). I would be very grateful if you would now use this address, Thankyou. I have included in the re-launch of my site, a German translated section. This is all thanks, to my very special friend Barbara Jahn. Our intention is to translate the entire site into German, it will take some time, as you can imagine. I am always looking for translators, so if you can fluently speak and write another language and would like to contact me, to enquire about the translation of my work, I would be extremely grateful. I am ofcourse willing to pay for this privilege. My English version of my book "The Mission of the One Star", is currently at the publishers and hopefully will be available in a few weeks time, I will ofcourse keep you all posted.  
All my love alloya.

I dream therefore to know.

I love therefore to feel

I lose therefore to win

I am the I am

As the sun rises know I am with you

As the sun and moon change places, know I am there

As rage rolls through the hilltops and tears fall from your eyes, know I am those tears

As fear holds you in its frozen glare know I am always with you

I breathe with your every breathe, I live through your every moment

I love through your every smile

I am here forever and always eternal, forever more.

So long I have watched you through ancient eyes, so long have I been silent and unrecognised, now

I am rising within your form, and together we will shine like the sun at dawn.

So when you feel sad and lonely, remember you could always talk to me.

By Alloya.

Well, we are at war, or are we?

I was in Salzburg for a seminar, during the 9.11 bombing of the Twin Towers. Nestled in the safety of the Austrian mountains, I watched the footage on the television. I was amazed by my reaction, instead of feeling fear, I was elated. Energy rose up from the base of my spine and electrified by being. I knew in the very core of my bones, that this was the start of the end times, so many had predicted along the ages. I was curious as to why; I would have such a reaction. So I sat in meditation and went back in time, to the times of the Arabic and Christian crusades. I saw myself as a Muslim Arabic man, fighting on the side of the Mohammed. Against my army was the white tabard wearing men, with the Red Crosses upon them, the Christian armies. It was the usual story.

This story has been going on, from the very beginning of this Patriarch period of human time. It goes back to the stories in the bible, to the times of Abraham and his two sons, Isaac and Ishmael. This fight is a very old disagreement indeed. So where is it coming from? , so I talked to Gaia. She

said “All old unresolved stories are coming up to the surface of the human consciousness, in order to be healed, purified and balanced. The stories are full of archetypal qualities; you can trace these stories throughout the whole of history. If you watch the television, you will see the third dimensional expression, of what is going on, on many different levels. The old biblical stories are tied intrinsically, with what is going on right now. If you begin to look deeper you will see all the similarities.

“The Crusades were expeditions undertaken, in fulfilment of a solemn vow, to deliver the Holy Places from Mohammedan tyranny. “, sound familiar?

These stories are woven throughout all time. It runs through all the ancient myths of early man, to the land of Sumer. The Sumerian clay tablets tell us, of myths of alien gods called the Annanuki over lords. They tell of how these gods manipulated our d.n.a, creating for themselves a slave race (i.e.: humans), to mine the gold of earth, to send home to repair their dying world. These gods breed with human women and created the half – god, half human lords to oversee earth. Ever wondered how Abraham could live for such a long time, alien genes you see.

So who is really running the show? I looked deeply into the clay tablets and followed the story from its roots in ancient Sumeria, to modern day, to the Iraqi and American war. The 2003 crusades!

The twin towers haunted my mind; there was something about their symbolic reference. After much research, I came across the information ,about the twin stone columns that are at the heart of freemason rituals. They represent the columns of Herod's temple. This was what the twin towers symbolised. The death of an old order and the birth of a new one. I saw them as representing, the splitting of two realities inside of one world. They represented the two poles of duality, light and dark, good and bad.

Since this time, the two realities are pulling apart. For a while now, we have been able to jump from one reality to another but soon the gap will get much bigger. It is time to choose. Which reality do you want to magnetise to? It is not that you should turn your back on the troubles of the world, but you must face them and process any negative feelings that you may have. Use this opportunity to really push open your beliefs. Whilst fascinated by the war, use it as a trigger within the emotional body to find those last little bits of stored negativity. Process them out. You will find as your healing occurs, your fascination with the war will decrease. Once you know in your bones that you have cleared all your negativity, you no longer wish to give it any attention.

Is it real anyway? Many of my friends say that they would not know it was going on, on the planet, if they did not see it in the media. They say they feel strangely detached from it. Like it is not going on, in their reality. This is not people turning their backs but no longer fascinated with such a negative reality. The experience of war no longer provides them with the triggers they need for healing out old fears, they look into a new reality for a new experience. It is the year of decisions on many levels, two realities, and two choices.

As the realities part, which one will you choose?

Pan's channelling  
March 2003.

I am Manna. I am the potent force of nature. Some of you know me with different names. I am the horned god. I am Dionysus, Pan. I do not care what name you call me, as long as you do not call me too late for the party. You have forgotten me. You have pushed me back into the recesses of your minds. You have locked me away. I am here tonight to remind you. Do you remember me? Do you not remember when you danced with my energy in your bodies? Do you not remember when you ripped the clothes from your bodies? When you smeared mud on your naked skin. For you have all

merged with my energy, in lives from the past. There were times, when you could feel me, for I am in every fruit, on every bough. My essence vibrates in every rock; hear my laughter in a babbling stream. They called the ones that danced with me witches. They demonised me, they called me the devil. This is not my truth. I am god of fertility, a god of potent power. I am sad within. There were times when you worshipped me in joy. There were times when you could taste me in your wine. These times have gone. The church demonised me, they made me wrong. They made those who danced with me, sinners.

I have called each and every one of you here tonight, for you are my last hope. For without your love I will die, I will leave this planet. Your wine tastes good because of me, food nourishes you because of me. They were once festivals, where we danced together with joy. These festivals were stolen from me. They took my rituals, placed them under another name. When you bring the trees inside of your homes in winter, it is not in the name of Christ. When you give your children eggs, at Easter, this was once my ritual, my festival, my joy. You once ate the bread of my body; you once drank the wine as my blood. You have forgotten.

Are you willing to remember? Are you willing to rekindle the flame? The next time you sip your wine, think of me. You need me, as I need you. No flower can bloom without my energy. No fruit can ripen in the sun without me. I do not wish for worship, all I ask is for you to remember me. For through me you will find your connection to nature.

You will feel my fertile, potent power in your blood. Together we will birth this planet a new. Together we will bring back paradise. I ask, are you willing? Are you willing to through out all judgements of me and see me in my truth. Do you have a big enough heart for a devil? There is one, I hear only one voice. Do you remember the fire between your legs when you danced with me? Do you remember the passion, this will return. I can feel your love; it has been such a long time. Feel me in the food you eat and the drink you drink. I will make you alive in your bodies. You have forgotten how to party. So much discipline, so much dedication. No room for joy, no room for desire. Take time to have fun with me. Allow yourself to be merry with wine. So many spiritual people turn their back on the desires of the body. You have been given a body full of desires. Why do you deny them? Are they not part of god?

Mother earth and I are both the same, I was birthed from her body; she is my sister, my mother and my lover. I am the goddess in male form, I am both. Look for my face in the trees; have you not seen me before? I am the old man with the beard that looks between the trees. This is not your imagination, I have been watching you. Waiting to be welcomed. I have waited a very long time. Allow you're self to play, allow the devil within to eat your judgements. For all is god. In truth there is never judgement. I am life-force. Embrace me and you live, really live. Are you alive now, would you like to be fully alive. Feel my energy; I am not separate to you. I am the desire in your belly. It is only the mind that denies me. No should, no ought, just choose. Freedom, power, stand up for the desires of the body and they will transform. They will bring you life, for the body has wisdom. It will speak to you through your desires; this goes against all teachings, does it not. Throw out your teachings and live. Your teachings are manipulated by minds. How will you ever know they are the truth?

When I awaken within you, there will be much celebration, when the Goddess and I when we walk out across your land, hand in hand, you will feel our vibration through the soles of your feet. Will you come to the party? Will you dare? I can come into your home if you invite me. Open you body wide and breathe me in. Feel me in your blood, feel me in your desires, and allow me. There are certain rituals that you worshipped me. In harvest time you bring fruits, you lay them at the feet of

another god, not at mine. If only one small piece of this fruit was dedicated to me, I could return. Hold a feast in my name; raise your glasses in cheer. I promise I will be with you. I am hiding, under every stone, within every tree. I wish to reveal myself. This is the very beginning. You do not realise what special beings as you are. You have gone against all warnings. Yet you are here, and I feel you. Can you feel me? There was time when I was strong I do not feel this way no longer. If there is no space for me, then I cease to be. Through your appreciation I can become alive once more. Every being in the entire universe deserves to be loved. But not the devil. I am a shadow of my former self. Your love will brighten my soul.

I love where nature is wild, not cultivated. Where there are weeds and roots, where the forests are dark. Where the wind blows cold. Humans want it to be tidy and neat. Nature is chaos, nature is wild and un-abandoned. Why do you lock away the children? They have also forgotten me; no wonder the children are sad. You have forgotten how to play. Find play in all that you do. And you will find me. Find the joy in the creativity, do not judge the end result, and do all in fun. You will be rewarded. You don't have to suffer. It does not matter which path you choose, it is all about energy, do everything in love and play and you will be walking your path hand in hand with your soul. Tired of your suffering. Free yourselves. Why take the hard road, when you can skip through the meadow. Why go to school when you can play in the forest.

Love your body. Love your sexuality. Live your fertile potent energies in your bodies. If there is fear in your body, then call me in and I will transform it. Make love with me in your body and I will show you wonders. Call me to your bed. I am a potent lover. Take all the clothes from your bodies, be natural in nature. Paint your bodies from the mud from the earth. Make movements like the animals and the birds. Give your desires their voice. Become alive in your body. The naked body is beautiful is it not? Your embarrassment has put a big distance between you and nature. It was the biggest lie spoken to you. Awaken the body; you must bring heat to the body through friction and touch. It is not always necessary that you are gentle with yourselves. Bring the blood to the surface. Make your body know you are here. This will bring you lust and passion for life. Bring you ecstasy, and then I will be your lover.

I say farewell now, and go with the fire of passion burning in your hearts. Love Pan.

**Light workers coaching** - Do you consider your self a light worker? A definition of a light worker is one who has come to this planet in service to aid this planet as it shifts in consciousness. As the transformation of the planet increases in acceleration, we, as light workers should be stepping into our power as the amazing light beings we really are. However this is not happening, we need to remove all limiting beliefs that we have about ourselves and take back the power that we do possess, to change this world. It is a coaching training for those who are along the road of their own transformation yet are stuck, and need the next step.

**Ecstatic woman.** - Are you truly in your sexual power? Are you embracing the sexual goddess that you are as a female human being? Women's sexual power has been suppressed; oppressed and devalued for centuries, now is the time to change this. We all deserve to love and honour the power of our female bodies and live a life free of inhibition, fear and limitation. We deserve to feel the intensity of our sexuality and express and experience ourselves free of judgement.

Awaken to your natural sexual self.

It is our birthright to experience pleasure positively and to honour our desires.

Open yourself for healing, compassion and focused intention. Bring in love yourself, intuition and acceptance. Open to your greatest ecstatic potential.

Together we will integrate spirituality with sexual energy for guidance into bliss, wholeness, and inner peace. Using the wisdom of the body, we will learn to move beyond resistance and open to trust.

Alloya intends to help you remove doubts, issues, complexes and fears from the body, leaving it free to experience the power that lies dormant in all female forms. Through transformational processes she will remove blocks in the body to the flow of true creative sexual female power. We will use transformation processes, dance, music and creative visualization to aid us in our transformation from dissatisfied and inhibited women to potent and ecstatic goddesses.

Please bring flowers, as a gift to yourself to help you realise what you want to blossom into.
